PROFILE INFO

I am currently a third-year engineering student, embarking on my first year specializing in Computer Science at ENSA. With a solid foundation in engineering principles and a burgeoning passion for technology, I have gained hands-on experience in web development. My skills include creating responsive and interactive web applications using HTML, CSS, and JavaScript.

I am enthusiastic about leveraging my technical skills to solve complex problems and eager to advance my expertise in the field of computer science. I am committed to continuous learning and innovation, aiming to contribute effectively to dynamic projects and teams.

EXPERIENCE

INTERNSHIP AT CODESOFT   2018 - 2020

- i developed my skills with this internship , and i creat a lot of design

FRONT-END DEVLOPPER IN ARABIC-GENERATION   2023-2024

- i use what i learned to work with the arab generation team on a progmation learning siteweb
